

Case Management

You Design
We Deliver

Family & Children Services' Case Management program specializes in working with families who have a child diagnosed with a developmental disability or a severe emotional disturbance. Case Management Services empower individuals/families to successfully participate in a community environment by providing services that are responsive, respectful, and adaptive to individual needs and preferences.

Case Management Services are flexible and strength based to meet client needs. Efforts are focused on empowering individuals with multiple service needs so they may achieve their goals, direct their own lives and reduce dependency on service providers.

“Our Case Manager was there to help, not judge. She knew what we were going through, helped us understand why and we found an answer.”

“Our Case Manager is doing an excellent job with us. She is very nice, caring, understanding and a great person to get along with. She has been willing to help us in any way she can.”

Using a Wraparound approach, Case Managers coordinate and monitor services and supports within community, educational, legal, and medical systems by:

- Using a strength-based, needs-driven approach
- Encouraging family choice throughout service involvement
- Helping families identify and build relationships with natural supports
- Providing advocacy, community-based referrals, and support
- Partnering with families to create and sustain community involvement
- Promoting wellness, recovery and self-determination

To learn more about Case Management or to make a referral for either, contact:

Julie Brown, LMSW

Case Management services are funded by Summit Pointe.

CASE MANAGEMENT PROVIDES:

- Crisis intervention and support
- Voluntary, home and community based treatment services
- Clinical assessment and determination of individual and family needs
- Assistance in developing individualized, family-centered plans
- Integrated mental health and substance abuse treatment
- Parenting/Family education, information and support
- Advocacy, referral, and support within community and educational systems
- Coordination of psychiatric services
- A variety of clinical interventions including evidence based models
- Individual and family support services focused on community integration
- Support in developing and maintaining independence

Family & Children Services is a private, nonprofit, nonsectarian, human service organization begun in the early 1900's. Its mission has remained constant "...To support, strengthen and preserve the safety, well being and dignity of children, individuals and families".

The Agency receives funding through allocations from local United Ways, contracts with Community Mental Health programs and the Michigan Department of Human Services, insurance reimbursements, fees for service based on a sliding scale and contributions. We are accredited by the Council on Accreditation of Services for Families and Children.
